Oct. 2, 2024

Dear interested parties and community partners,

In late December 2022, Congress passed the Consolidated Appropriations Act, 2023, authorizing states to replace SNAP benefits stolen via card skimming, card cloning and other similar, fraudulent methods. The law required states to replace food benefits that were stolen between Oct. 1, 2022, and Sept. 30, 2024.

On Sept. 26, 2024, Congress and the White House extended the date to replace these benefits to Dec. 20, 2024. This was authorized under the Continuing Appropriations and Extensions Act, 2025.

Based on the new extension, food benefits stolen on or before Dec. 20, 2024, will continue to be replaced.

Cash replacements will also continue, as rules authorized under ESSB 5950 to replace TANF, SFA, PWA, RCA and ABD cash benefits stolen July 1, 2024, or later mirror the end date for food replacements.

We're notifying clients about the continuation of stolen benefit replacement via:

- Social media.
- DSHS web pages.

Please feel free to share this information with our constituents.

If you have any questions, please contact Sharon Hill-Laguerre, Basic Food Policy administrator, at sharon.hill-laguerre@dshs.wa.gov.

Your ongoing support is appreciated.

Sincerely,

Brice Montgomery, Interim Director
Community Services Division
