OUR MISSION

The Stillaguamish Behavioral Programs are dedicated to serving individuals, families, and the community in elevating the quality of life for all by improving mental and physical wellness. Available to Native Americans and non-natives alike, the Behavioral Health Programs are committed to providing treatment of the highest quality by highly trained, licensed, experienced professionals who genuinely care.

Our comprehensive behavioral health programs offers substance use disorder treatment, mental health counseling, problem gambling counseling, medication assisted treatment, general medical screening, and psychiatric medication management.

To start your healing journey with us, please call 360.435.3985

HERE FOR YOU

Our dedicated team of licensed professionals—including substance use disorder specialists, problem gambling counselors, mental health counselors, peer counselors, and nurse practitioners—work alongside compassionate support staff to guide you on your journey of healing and transformation.

Our mission is to expand access to high-quality behavioral health services for everyone in our community. We proudly accept most insurance plans, including Washington Apple Health.

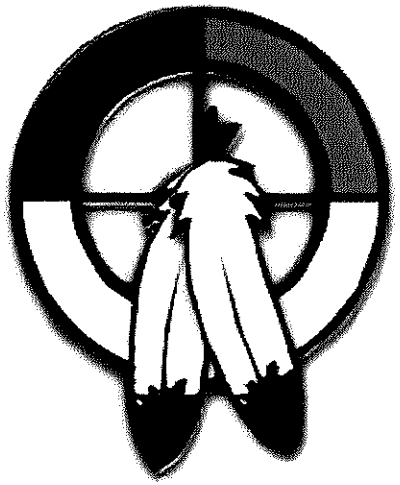
Family Night

Problematic substance use affects the entire family. BHP hosts a monthly family night, where we invite speakers and serve dinner for clients and their families.

Medication for Addiction Treatment

MAT is used for the treatment of substance use disorders. The medications help normalize brain chemistry, relieve withdrawal symptoms, reduce cravings, and block the euphoric effects of substances.

Medications Commonly Offered


- Buprenorphine / Naloxone (Suboxone®, Zubsolv®)
- Buprenorphine extended-release injectable (Sublocade® or Brixadi®)
- Naltrexone extended-release injectable (Vivitrol®)
