Who we are

We're a non-profit organization, dedicated to promoting individual success and reducing recidivism in Washington State.

Founded and spearheaded by a 25 year reentry expert and USAF Vet, we focus on addressing the needs of the individual after prison in a restorative way, to help spur positive growth and lasting success after prison.

What we do

We support in reducing recidivism and creating lasting success after prison by offering various services and resources, such as:

- Online courses to navigate daily life, the job search, and more.
- Individual coaching to provide personalized guidance to those needing it.
- A comprehensive and ever expanding Resource Hub to help folks find local housing, food, career, and counseling support.
- Virtual conversation groups for folks to meet and network with other formerly incarcerated individuals.

thedayafterprison.org

Why we do it

In Washington State, **96% of individuals** currently incarcerated will **reenter the community** at some point.

(Source: Washington State Department of Corrections via doc.wa.gov) .

Around **75% of individuals** released from prison or jail will **return within five years.**

(Source: Simmons University via online.simmons.edu)

It's clear that the current methods of reentry that are employed nationwide are seldom successful. This alarming recidivism rate not only puts a strain on the community, but does not grant those who've served their debt to society a real shot at success.

At **The Day After Prison Reentry Services**, we seek to change that.
