HOMELESS OUTREACH

WWW.BRIDGEWAYS.ORG

OUR APPROACH

Bridgeways Outreach Services connect with individuals experiencing homelessness—many of whom also live with mental health challenges—to help them access essential supports like housing, employment, and behavioral health care.

Housing First Philosophy: We believe housing is the foundation for stability and recovery. Once housed, individuals can begin their journey toward wellness and self-sufficiency.

Comprehensive Outreach: We partner directly with people facing chronic homelessness to build trust, identify needs, and connect them with vital services.

PATH: PROJECTS FOR ASSISTANCE IN TRANSITION FROM HOMELESSNESS

Why PATH Matters

Homelessness in Snohomish County continues to rise due to a combination of rising housing costs, lack of affordable housing, untreated mental illness, substance use, and economic instability. Washington ranks among the states with the highest rates of homelessness—with over 21,000 individuals unhoused on any given night.

BRIDGEWAYS PATH SERVICES INCLUDE:

- **Emergency Rental Assistance:** Immediate financial help for those in a housing crisis.
- **Referral to Detox Treatment:** Access to professional detox services to begin the recovery process.
- **Behavioral Health Treatment;** Personalized mental health care using evidence-based therapies.
- **Case Management:** Client-led support that helps individuals navigate housing, health care, and social services.
- **Veterans' Services:** Tailored assistance for veterans transitioning to stable civilian life.
- **Job Training:** Skills development to support long-term employment and independence.
- **Educational Services:** Resources and support for academic or career advancement.
- **Housing Placement:** Helping individuals find stable, supportive housing through our outreach efforts.
